This was the night before Greysing's annual summer festival and there were hundreds of folks from miles around who had to come to inquire about a trip down the Majestic Anfiable river, whose serpentine course winds through divers counties from here to lake

Harold (Spike) McNeven, who serves as general chairman of these affairs, said tonight that they had been swamped with reservations, but that all indications pointed to several being left stranded because motor trucks had been traversing a radius of lifty miles the past two days looking for boats and not too many had been found.

Continue Search For Boats Still, the genial Mr. McNeven said his trucks would continue their operations all night, and it was expected the operations would be extended to an 85-mile circle in an effort to accom date the folks who already have signified their desire to take this trip down the main atteam of this world-famous stream.

Up to this evening, the committee had received reservations from nature lovers from as far south as Columbus, Ohio. Meanwhile there were scores from Bay City, Saginaw, Flint, Detroit, Toledo, and elsewhere, all seeking places in this flotilla that will carry them from Grayling to the confluence of North Branch and main stream of this river, which in years past has attracted many to its rippling waters.

There were prize fights here to night, involving a bunch of husky CCC lads, that attracted a throng of customers to the court house lawn. A negro lad, who showed! signs of pugilistic sense, was the

River Parade Big Event

All told it didn't seem to make a great deal of difference who won or who lost, for it was all leading up to Sunday's boat parade down river. This, after all, was the story. Folks had come here from many places outside, others had flocked here from a radius of 150 miles. They, one way or the other, were the ones to be considered and the men in charge were doing their utmost to satisfy their guests.

The fact that the weather man forecast favorable weather was a favorable forecast for Sunday. It cheered the carnival bosses, and of four. as for their visitors, they really needed no cheering—the thoughts! of the Sunday trip down the Au

The recreational program was brought to a close when twentyturee boys and gains held a picture at Lyle Lake last rriday. Swimming and games were enjoyed before the "uogs' were rossted and a baseball game was in order for

On June 26 the S.E.R.A. prowas started in Graying as in nearly every other city and town not only in michigan but in the other states as well. Due to the abruptness that was necessary in order to start the program on schedule 1ew people knew of it. Ine urst day our enrollment totaled only eighty-eight. However the malto theatre, the Avalanche and the Postoffice advertised the program in fine shape. Soon we had 1:0 boys and girls participating, Miss Reagan worked out a program at the South Side in addition to her regular work and during the last-haif of the schedule 211 young folks enjoyed its benefits besides several visitors who asked to join in for a week or two:

As the program awang into full force soft ball games were scheduled with Gaylord. Swimming, tennis, field, and boxing matche were sought but none of the hands. They were rough and hard reachable towns included these in their works

THERE are some people who fully believed that on the morning of August 16th their hay fever would be upon them. Weather and other difference and they are just going ahead and have hay fever anyway. Certainly this is not true with all sufferers of that disease. When it comes it comes and dates don't make any difference. Already a number of people are arriving in Grayling to of nine planes, one attack and escape hay fever; here they seem to find relief. And now is the suit squadron returned in time to get busy and cut or reweeds around the town. Certain kinds of weeds affect hay into a column as they climbed to fever sufferers, so let's get busy and get rid of them. All along our streets weeds are growing rank. At least those outside of the side walks should be cut. Around telephone poles seem to be favored places to grow. This should be good welfare work.

SHELVADOR **ELECTRIC REFRIGERATOR**

Just take a look at this remarkable refrigerator. You'll admire its glistening, Streamline Beauty. You'll be amazed at the greatly increased "usable" capacity made possible by the shelves in the door. You'll like its extra conveniones. You'll become enthused over its many outstanding features. You'll agree that it offers more for the money. Remember, only Crosley has the Shelvador. Be sure to stop in and see it!

Give Your Taste a

You'll never know how good beer can be until you have tasted the New Mundus Beer that is now coming from Mundus' new ageing cellars. This New Mundus is rich, full-bodied, and mellow. It is absolutely pure because it's made with water that is filtered by the famous Minchar Filters. This process purifies the water and removes all chlorine taste.

The New Mundus is thoroughly aged and has been taste-tested for flavor by thousands of men and women. They say it's the most delicious beer they have ever tasted. Get some of this New Mundus today. Watch its snowy-crest-of-foam head mount as you pour it into the glass. Hold it up to the light. See how crystal clear its golden amber color is. Drink it down. Note how refreshing and satisfying it is. You'll say that here is beer at its best.

The New Mundus Beer leaves a nice, clean aftertaste. And it doesn't give you any unfavorable reactions the next morning. It is truly the beer without a beadache.

FOR State Representative Presque isle District

Herbert Hein---Rogers City

A life time citizen of Presque Isle District. Twelve years of public service. Well acquainted with the needs of this representative district.

Well posted on Taxation and Conservation, two of the most important matters in the north to-day. Pledged to the New Deal. I am running on the Democratic ticket because I believe that the Democratic Administration, under its present leadership. can give the best service to the greatest number.

WORLD'S LOWEST PRICE FOR A SIX ,

The exceptional popularity which Chevrolet has enjoyed for many years has naturally had its effect on Chevrolet prices. Large sales have enabled Chevrolet to maintain consistently low purchase prices, which were recently lowered even further. As a result Chevrolet now offers you the lowest priced six-cylinder automobile obtainable-a big, comfortable car with Fisher Body styling and refinementsafe, weatherproof, cable-controlled brakes-the smoothness and economy of a valve-in-head, six-cylinder engine and typical Chevrolet dependability. In offering this car, and the Master models, at substantially lower prices, Chevrolet hopes to repay the motoring public in some measure, for consistently placing Chevrolet so high in public favor.
